

Maine Bearings

the official publication of
MAINE ANTIQUE POWER ASSOCIATION

Volume 28, Issue 3 June, 2021

Dear Member,

Annual show at Skowhegan on June 5 went pretty well. Good weather & turn out. Carmen processed \$490 in dues payments and gave out 2021 pins & exhibitor plaques. Sold \$429.25 in apparel. 50/50 & merchandise raffles brought in \$238, tools & silent auction \$403. Altogether we grossed \$1792.25. Financially we are doing much better. I want to thank all who have made both small and large donations. It certainly helped! We have also picked up several new & former members this spring. Large 2021 expenses have been paid except for the scholarships. Carmen has transferred \$3500 from our checking account to savings. First time in several years that we have added to savings.

As of June 18, 2021:

Checking:	\$ 5504.78
Savings:	<u>\$12,554.46</u>
Total:	\$18,059.24

At the show, Barry Thomas asked to be replaced on the board of directors. Thank you Barry for your service. Hope Lambert was nominated at show/meeting last October at Cumberland. She has now been installed onto the board. Congrats Hope!

Joe Comeau has volunteered to take the Region I Vice President position . He is looking for new members in the more northern counties.

Gary Willison wants to remind members the June issue of Maine Seniors magazine has a brief article on MAPA. Hannaford & other advertisers in the magazine get free issues, as well as Dr's. offices, barber shops, motels, etc. If you can't find an issue they post the complete issue on their website one month after publication which was June 1.

Maine Bearings

Our next show will be at Boothbay Railway Village on Olde Village Day, Saturday, July 3. Our set-up will be in a slightly different area. Questions, check with Will Ellis.

The following Saturday, July 10 is Pammy's Ice Cream Parlor show in Harpswell. This is the second year, nice shady venue. Contact Zeke 725-2780

The Mt. Washington Airport Fly-In and the Pepperell, MA shows have been canceled. Show Schedule on website has been updated.

It is early yet, but please consider volunteering for a couple of days at Skowhegan Fair, August 12 to 21. set-up August 11. We need a minimum of five members per day, six or seven would be ideal. We have pre-paid for parking just outside the Beech Street gate. Contact me through "**Contact MAPA**" link on our website, in person or by phone if you are willing to volunteer from 10 AM to 5 PM. We need to provide the fair a daily list of members so pre-registration is required. We will be running MAPA equipment & engines only, so no need to bring your own.

Stay safe,
Doug

Maine Bearings

Maine Antique Power Association is a non-profit organization established in 1973.

Mission Statement: We are dedicated to preserving America's mechanical past to better help understand the future. Maine Antique Power Assn. is committed to providing college scholarships for today's mechanically inclined youth.

MAPA's clubhouse is located at the Skowhegan State Fairgrounds, Skowhegan, Maine and a second at Cumberland Fairground.

Members engine displays are organized throughout the State of Maine at various functions, museums and fairs. Donations and memberships make continuing expansion possible.

Exhibits may include:

Gasoline/Kerosene engines of all types, including stationary and marine.

Steam and hot air engines.

Gas and steam models, air compressors.

Outboards, lawn mowers, circular saws,

Wood splitters, churns, grinders, pumps,

Generators, drag saws, farm and garden

Tractors. Exhibits the entire family will enjoy!

Maine Bearings
